

# V<sup>+</sup> ENHANCED ENGLISH PROGRAMME

## SECONDARY SCHOOL

## SPORTS

The sports hall, owned, built and operated by VSAL is a fully-fitted modern facility where a wide array of sports and activities are housed both within the school curriculum and timetable as well as through extra-curricular activities run in partnership with Promosport.

## ARTS

Theatre and music are art forms through which a child can develop communication and language skills, stimulate creativity and improve self-esteem.

VSAL is developing a comprehensive programme of art and multi-cultural experiences which will, in direct association to the V<sup>+</sup> English programme, also focus on English-oriented theatre and excursions.

## LANGUAGE

English language learning is central to VSAL's mission to enrich pupils' educational experience. Through age-appropriate activities that build confidence, communication skills, and cultural awareness, VSAL supports the development of strong linguistic foundations across the learning community. As pupils progress, these foundations prepare them to access more advanced linguistic and cultural pathways offered through the V<sup>+</sup> programme.

# V<sup>+</sup> ENHANCED ENGLISH PROGRAMME

The Secondary V<sup>+</sup> Programme offers structured, academically focused courses taught by native speakers. These courses prepare students for accelerated English language proficiency, advanced communication skills, and, where applicable, international examinations which provide both structure and formal recognition to the programme.

In addition to classroom learning, students may access the Communications and International Relations course, participate in Model United Nations (MUN) and Model European Parliament (MEP), and engage in theatre, excursions, and other enrichment activities. Availability is subject to year group and eligibility.
